Practice Quiz 8: Thursday 5 November 2026 2:00 P.M. EST
Time: 15 minutes

You can jump directly to a wikipedia page on any topic by going to https://en.wikipedia.org/wiki/ARTICLE where ARTICLE is the name of that specific article.

For example, the website https://en.wikipedia.org/wiki/Star_Trek will take you to the Star Trek page.

In Swift, a view controller has a textfield, a button, and a WKWebView already attached. The button is already connected to a method “submit”. Write the code for the submit method that will load a wikipedia page for the article title inside the textfield into the WKWebView.

```
    @IBAction func submit () {
        var ss = " https://en.wikipedia.org/wiki/"+String
(tf!.text))
        let url = URL(string:ss)
        let requestObj = URLRequest (url:url!)
        wv!.load (requestObj)
    }
```
