

Northern Michigan University

(Marquette Co, MI)

CS 470-01-26W Artificial Intelligence

4 credits

Monday Wednesday Thursday Friday 2:00 P.M. – 2:50 P.M.

Monday 12 January 2026 through Friday 24 April 2026

except Monday 19 January 2026 and Monday 2 March 2026 through Friday 6 March 2026

Final Exam: Wednesday 29 April 2026 2:00 P.M. – 3:50 P.M.

3803 The Science Building

Instructor: Andy Poe, 2230 John X. Jamrich Hall

E-mail: apoe@nmu.edu

This course is for people planning to take calculus at a future time.

Text: COMING SOON (the e-text is on the Achieve website).

Courseload: COMING SOON

Laptop Policy: The use of a laptop in class is forbidden in class and on exams. There may be exceptions to this policy, such as when we install software or when we have lab days. But, in general, if I'm lecturing, no laptops, or any other distracting electronic equipment such as Walkmans, iPods, cell phones, etc.

Late Policy: COMING SOON, based on the website.

Office Hours: My official office hours are 11:00 A.M. - 1:50 P.M.; 4:00 P.M. - 4:50 P.M. MWRF.

Statement on Plagiarism: Plagiarism is the submission of someone else's work as your own. It applies just as strongly when the work is to be written in a computer language as when it is written in a human language. All of the work you submit must be entirely your own. All of it. Your friends may not write code for you, nor may your classmates, nor tutors, nor professors. You may not use code found in books or online. You may not use ChatGPT or any AI. All of your code must come from you. Period. Academic fraud is very serious and will be dealt with according to NMU policy. I reserve the right not to accept work that I do not believe comes from you, and I reserve the right to question you about your submitted work. If one student does

the work assigned to another student, both students have committed academic fraud and will be dealt with as such.

Course Objectives: At the conclusion of this course, the successful student should be able to master college level algebra, such as solving equations and inequalities, graphing functions, manipulating and expressions.

Disability: If you have a need for disability-related accommodations or services, please inform the Coordinators of Disability Services in the Dean of Students Office at 2001 C. B. Hedgcock Building (906-227-1737 or disability@nmu.edu). Reasonable and effective accommodations and services will be provided to students if requests are made in a timely manner, with appropriate documentation, in accordance with federal, state, and university guidelines.

Right of Alteration: I have no idea what this semester will bring. I reserve the right to make changes to the syllabus at any time including major changes involving course content, delivery, and grading rubrics.
